RESEARCH INTERESTS

I work at the intersection of **3D vision**, **robot learning**, and **embodied AI**. I focus on **Real-Sim-Real** systems that connect real-world perception, simulation, and robotic manipulation. My broader interests include 3D reconstruction and generation, world models, visuomotor policy learning, scalable simulation, and generalizable robot manipulation.

EDUCATION

Bachelor of Science in Data Science, Peking University Expected June 2027
Yuanpei College, Beijing, China
GPA: 3.76/4.0
Coursework: Computer Vision, Multimodal Learning, Intelligent Robotics [3.9+]

RESEARCH EXPERIENCE

Research Assistant, VCL Lab, Peking University June 2026 – Present
Advised by Prof. Wenzheng Chen

- Research on robot learning and world models for embodied AI, with an emphasis on depth perception, navigation, and real-world robotic manipulation.

Research Assistant, CoRe Lab, Peking University March 2025 – June 2026
Advised by Prof. Yixin Zhu

- Research on scalable simulation and planning for mobile and dexterous manipulation, including trajectory generation, tactile-guided control, and policy evaluation.

Research Assistant, Media Lab and EECS, MIT March 2024 – Present
Mentored by Kaichen Zhou

- Research on 3D/4D perception and generative world models, including 3D reconstruction, 3D editing, 3D generation, world action models, and multi-view benchmarks.

TECHNICAL SKILLS

Robotics: Robot manipulation, mobile manipulation, dexterous manipulation, trajectory planning, large-scale simulation, visuomotor policy learning and evaluation; Isaac Lab, Isaac Sim, cuRobo.

3D Vision: 3D reconstruction, 3D editing, 3D generation, 4D perception, world models, SLAM, depth estimation, multimodal learning.

Programming: Python, C/C++, Bash, HTML, CSS; PyTorch, TensorFlow, Pandas, Qt.

HONORS AND AWARDS

National Scholarship (highest honor for undergraduate students in China)	2025
Second-class Scholarship, Peking University	2024
First Prize, 21st Jiang Zehan Cup Mathematical Modeling Competition	2024
Xing Zhengde Scholarship, Yuanpei College	2023
Third-class Scholarship, Peking University	2023

TEACHING EXPERIENCE

Teaching Assistant , Introduction to Computation B (Prof. Jun Sun)	Autumn 2025
Led weekly programming labs, graded assignments, and designed exam questions.	
Teaching Assistant , Introduction to Computation C (Prof. Baobao Chang)	Autumn 2025
Led weekly programming labs, graded assignments, and designed exams and the final project.	
Teaching Assistant , Introduction to Computer Systems (Prof. Lu Zhang)	Autumn 2024
Led weekly discussion sessions, graded assignments, and contributed to exam design.	

SERVICE AND OUTREACH

Volunteer Teacher, Student Development Center, Peking University	Spring 2026
Volunteer Teacher, Student Development Center, Peking University	Autumn 2025
Volunteer Teacher, International Asian Liver Center, Gansu, China	Summer 2024
Volunteer, Yunnan Golden Monkey Conservation, Peking University	Winter 2023
